MATH 310: Numerical Analysis
Details for Homework #6
due Wednesday, Oct 21 at 9 am

Hopefully, a respite ...

1. Section 3.1: #9 and #11, but only run your *regula falsi* algorithm on 3 f

2. Section 3.1: #13

3. Section 3.1: #14

4. Write a function that implements the secant method for finding roots.
